CLIENT GUIDE

Shy Laurel Photography

WELCOME

Epic locations. Silly laughs. Romantic vibes.

Welcome to Shy Laurel Photography's Client Guide!

My name is Shyann, I am a photographer based in New Braunfels, Texas (but travel world-wide) with over 15 years of experience in the industry.

Wedding photography has my heart, but I also shoot engagement, bridal, family, and boudoir sessions!

I am both light and airy, and deep and riched, based on the vibe I get from my couple. Your photographer should be a no-brainer! I want you saying OMG YES, I want HER when you look at my photos! Because I promise you I will be so excited to work with you too! Loving my style and trusting me to provide you some amazing images is the first step!

HEY, IT'S ME.

*Mom to two, plant lover, and
adventure enthusiast*

Honestly, I'm goofy as hell with words and I walk the line between awkward and hilarious. Once I blurted out to my couple, while in a sweet, almost kiss moment to switch places with their faces as I was prompting them.

Everyone laughed, I just photographed through the embarrassment, and a few years later they told me it was one of their favorite photos from the day! So at least it worked out.

I am a mother to two, only *slightly* plant obsessed and love spending my time thrifting and going to antique stores.

I have been doing photography for over 15 years and still love it just as much as I did when I first began. It truly is my passion. My favorite thing about being a photographer is getting to be a small part of so many people's most memorable days. I love when I get the opportunity to grow with my clients all the way from their engagement session to maternity and family sessions. Watching my clients live their lives with the person they love is such an honor and I am forever grateful to capture images they will look back on and show their kids/grandkids someday.

What it's like to have me as your photographer

ANIMALS ARE MY WEAKNESS, I LOVE THEM, I LOVE INCLUDING THEM IN SESSIONS, THE MORE UNUSUAL THE BETTER!

During sessions, I want you flirty and silly with a tiny touch of serious (for those dramatic shots). I will throw some music on my phone and we will just start walking around and I'll stop you when I see that gorgeous light or a good backdrop.

For weddings, I stand back and photograph the day as it unfolds in an unobtrusive way, I catch all those tiny moments you don't see, like when the flower girl sneaks a peek at the wedding dress before it is put on, all the way to your friends "decorating" the getaway car at the end of the night. I'm pretty much your shadow throughout the day. But also if I go outside and see a gorgeous sunset or rainbow or something equally as awesome I will be sprinting toward you and convincing you to go out and get an epic portrait. So you get the best of both worlds.

the CLIENT EXPERIENCE

here's what it means to hire me as your photographer.

quick response times.

a friend you can rely on.

15+ years of experience.

planning help & resources.

not your typical photographer.

MULTIPLE STYLES

I shoot light and airy as well as dark and moody depending on the vibe from my clients. When choosing me, you get a variety of styles and don't have to pick just one look for your entire day!

NOT MUCH I CAN'T HANDLE

With 15 years of photography comes 15 years of experience! I have had just about every bizarre situation thrown at me so I can navigate changes with ease and help be a right-hand man on your big day.

I CAN MAKE ANYWHERE LOOK PRETTY

I have literally pulled over to the side of the road because I saw a small patch of wild flowers that I thought would make a good picture. Between the right angles, lighting, and hand-editing all images, I can take a ditch on the side of the highway and make it look like the photo of your dreams.

15 YEARS OF EXPERIENCE

I have been a photographer for over 15 years where I have had the honor of photographing countless weddings and sessions at a TON of different venues, so chances are I've worked at your location before!

WORK WELL UNDER PRESSURE

The ceremony ran late and we only have 30 minutes to get family photos? No problem! Enter business mode Shyann and I will get the ball rolling to capture all of those must-have photos with your loved ones!

HYPE GIRL

Probably the best thing about booking with me is you get your own personal hype girl by your side all day. I'll be cheering you on from behind the camera, directing you, and making sure we don't have any pesky fly-aways. I'm there to make you feel beautiful on what is arguably the most memorable day of your life.

THE PROCESS

before the wedding

I am available to you for the entire planning process! Need help with a timeline? Want recommendations for other vendors? Can't decide between color palettes? I'm your girl!

Most of my packages include an engagement session as well where we get to know each other before the big day (not counting if you add in a bridal session)! I make sure to feel out the vibe of you and your soon-to-be spouse so that when your wedding day rolls around I can capture photos that are unique to you!

on the day itself

I am your right-hand girl! On your wedding day, I am basically your shadow. I capture your day as organically as I can and I help to keep you comfortable in front of the camera all day.

But, as previously mentioned, if I see a gorgeous backdrop or an epic sunset, you can bet I will be doing everything in my power to convince you to sneak away for some stunning portraits.

Ultimately, I'm there to make sure I get every little moment you'll want to remember. From stolen kisses after the ceremony to sweet hugs from grandparents, I give you snapshots to cherish from your big day.

after the party

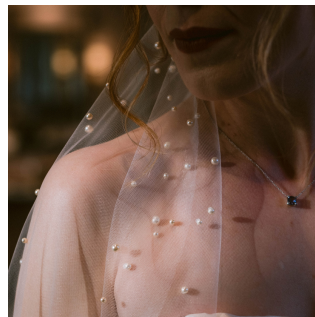

I try and get some sneak peeks out for you as quickly as I can! If you are as impatient as I am, I know you'll be on the edge of your seat waiting to see snippets from your wedding!

For your full gallery, I typically have an 8-10 week turnaround (this is because every single image I deliver is hand-edited!)

Once the gallery is delivered (cue the post-wedding depression) I am still available for future sessions! I love getting to stay in touch with my clients and grow with them as they grow in their lives (maternity, newborn, family, graduation, etc.)

collections

There is no "one-size-fits-all" when it comes to wedding photography. This is why I have 4 pre-designed collections you can choose from, or you can create your own with my "build-your-own" option!

See a package you like but it isn't quite right? Shoot me a message and we can talk about customizing it to your needs for your big day!
